The Honorable Mick Zais
State Superintendent of Education
1429 Senate Street
Rutledge Building
Columbia, South Carolina 29201

Dear Superintendent Zais:

In compliance with Proviso 1.43 in the 2010/11 General Appropriations Act (Act 291), attached you will find the South Carolina Department of Juvenile Justice School District's report on Funding Flexibility and Spending Reductions for the second quarter of our 2011-12 school year. As we have previously referenced in earlier compliance reports, state law (63-19-380) designates the Department as a "special school district" and mandates that we "operate a continuous progress education program" throughout the year. In addition, because we are a Title I school district and have approximately 45% of our student population identified for special education, a much larger percentage of our operating funds are restricted. Consequently, our ability to move funds into other program areas or to cover other expenses is somewhat more limited than that of a "regular" school district.

The Department of Juvenile Justice School District is not requesting to flex any additional funds for the second quarter of the 2011-12 school year. During the first quarter of the 2011-12 school year, the Department of Juvenile Justice School District requested to flex the following funds: textbook cost savings, PDSI carryforward, OVE carryforward (3), and science kits refurburbuished. The school district also continues to heavily restrict hiring. The only staff being hired now are retirements and resignations and not all of those are being refilled – only critical needs areas. Our current initiative is to strategically build back the Career and Technology programs that were lost during the budget crises of the past three years. We have recently replaced our Director of Career and Technology who retired in June of 2011. Our new director will be working to define our needs and make recommendations for programs to build marketable skills for all children in our school programs.

Our district continues to meet or exceed our Defined Minimum Program requirements and to maintain our State Department of Education and Southern Association of Colleges and Schools (SACS) accreditations. In addition, the DJJ School District has earned Palmetto Gold status every year since 2004.

Finally, DJJ's school district, as has the Agency as a whole, continues to reduce our budget for travel, has eliminated all conferences paid for through state funds, and has eliminated all staff training unless mandated and paid for by a grant funding source. We also, unfortunately, continue to curtail significantly our after-school sports and other extracurricular programming.

Thank you for taking the time to review this information. If you have any questions or need additional information, please feel free to call or email either one, or both of us, and we will gladly provide this additional information to you.

With kind personal regards,

Margaret H. Barber
Chairman, DJJ School Board
